KENTUCKY CHAPTER
Greening the Bluegrass

The Mayors' Alliance for Green Schools Agreement

The Mayors' Alliance for Green Schools is a coalition of mayors from large cities and small towns seeking to harness local-level leadership and creativity to promote the benefits of green schools within their communities.

By becoming a member of The Mayors' Alliance for Green Schools, you agree to work with other mayors across the country to:

- Develop and leverage public-private partnerships with local businesses that create new opportunities for green school projects.
- Assist school districts with 'greening' their existing facilities.
- Encourage state legislatures to create policies and incentives for green school improvements and operations.
- Engage in a national discussion about green schools, green jobs, and green infrastructure.

I hereby agree to become a member of The Mayors' Alliance for Green Schools.
